Key Experiences

Senior Student Fellow Researcher, Dominguez Center for Data Science, Lewisburg, PA

Fall 2024 - Present

- Develop research project using machine learning models to predict the key factors that influence the presence of invasive plant species, contributing to the Urban Forest Inventory and Analysis Program (FIA)
- Analyzed model performance, presented results effectively to Urban FIA, and highlighted the strengths and limitations of each model.
- Hosted weekly office hours to support students with Python and R coding, and research questions

Researcher, Carnegie Mellon University, Pittsburgh, PA

Summer 2024

- Developed research project investigating the effects of socioeconomic factors on premature deaths, using machine learning and exploratory data analysis (EDA) techniques in R.
- Created a comprehensive poster, detailed report, and engaging presentation to communicate research findings, effectively explaining the results to academic and professional audiences.

Economic Security Analyst, United Planning Organization, Washington, DC

Summer 2023

- Led quantitative research on the impact of mixed-income communities on low-income residents in Washington DC utilizing Excel Visual Basic for Application (VBA) and Tableau for data analysis
- Provided actionable recommendations for the integration of economically marginalized communities into higher income areas, thereby enhancing access to essential resources
- Showcased research findings in Shepherd Higher Education Consortium on Poverty closing conference

Leadership

Accounts Manager, Bucknell Student Government (BSG), Lewisburg, PA

Spring 2023 – Present

- Manage the portfolio of approximately \$1 million that is allocated from the student activity fee into the accounts of BSG recognized clubs and organizations, by attending all BSG Finance Committee meetings
- Administer reimbursement requests submitted from clubs and organizations to fund events and activities

Residential Advisor, Residential Education Bucknell, Lewisburg, PA

Fall 2022 –Present

- Foster community between 33 hall residents through planning of hall events and activities
- Counsel first year residents to help transition to campus by providing resources and leadership opportunities to feel empower as students

Additional Experiences

Intern, High C Music, Spain, Madrid

Spring 2024

- Developed and designed the company's website using WordPress and Elementor, to enhance online presence

Student Leader, Business Analytics Department, Lewisburg, PA

Summer 2022

- Organized student-professor meet and greet to foster connections between students and faculty, and the major declaration dinner to welcome new business analytics students to the major.
